

The organizers of this gathering are active with several **anti-nuclear grassroot groups** and organizations across Europe. Connected through the Nuclear Heritage Network, we arranged several network gatherings in the past - in France, Germany, Slovenia, Finland and Czech Republic.

Schedule

*From **July 30 to August 3, 2012** you are invited to join the international Anti-nuclear Camp and Network Gathering in **Döbeln, Middle Saxony, in Germany.***

July 29: Arrival

July 30 - August 3: Anti-nuclear Camp and Network Gathering

August 4: Departure

OPTIONAL **July 9-18** preparation of camp infrastructure. Are you interested in improving your construction skills? Join the preparation week. We will build an outdoor kitchen, a compost toilet and if there are enough helping hands a solar shower.

purpose: "Gathering"

International Anti-nuclear Camp & Network Gathering

in Middle Saxony/Germany

July 30 - August 3, 2012

You are invited to five days of **workshops** and **presentations, skill-sharing** and **networking, excursions** and **public events** in Döbeln, Middle Saxony. It will be a chance to meet activists and interested people from several regions across Europe to share experiences and ideas with each other and network for mutual projects and actions.

Everyone is welcome to **offer workshops or presentations** on topics they are working with. Please feel invited to talk about your current struggles, upcoming campaigns and actions. The gathering also aims to **share our skills** together in the fields of action, campaigning, investigating etc. It would be wonderful if you have issues you want to bring up.

We plan to visit an **abandoned uranium mine** at the Czech border not too far from the camp. There we will meet critics and learn about the threats connected to uranium mining.

At the **project house** in Döbeln you will also find the *International Network Office* and the *Morsleben Archive*, a great independent collection of documents on the Morsleben nuclear waste dump. The *ecological garden* will provide us with vegetables and fruits.

How to join the camp?

To be here on time, you should arrive at least one day earlier, July 29. You can travel by train to Döbeln, by coach to Chemnitz or Leipzig or by car on freeway A14 to Döbeln or on freeway A4 to Hainichen and highway B169.

Please announce your participation as early as you can. Some days before the camp start date we will send you the booklet with programme and information about the gathering. You can stay at the camp site and help cleaning up until August 4.

Costs and food

A basic setting of vegan food will be provided. We will ask you for donations based on your own understanding of costs for participating in the camp. We will cook together. You also can buy drinks like lemonade and juices from the local foodco-op.

If you can't afford your travel costs, contact us to talk about the possibility of an option to cover a share of your travel expenses.

Anti-nuclear Action Summer

We invite you to make this summer an anti-nuclear action summer. A number of **international events and actions** will take place between July and September in Central and Northern Europe, partly organized by activists of our network, too.

http://eyfa.org/activities/projects2/anti_nuclear_camp

An **anti-nuclear camp** will take place in Lubiatowo, in the Pomerania Region of **Poland** on July 23 -29 close to the proposed site of the first Polish atomic power plant. Taking a bus on July 28 will bring you on time to the international gathering in Germany.

<http://olkiluotoblockade.info>

Directly after the camp in Germany, you can travel together with other activists to Finland to the **Blockade and Action Camp in Olkiluoto**. We will travel by bus and ferry to arrive in time for the protest camp on August 6-13 with a publicly announced blockade of the Olkiluoto NPP on August 11.

http://www.greenkids.de/europas-atomerbe/index.php/Anti-nuclear_Sailing_Trip_across_the_Baltic_Sea

An **anti-nuclear sailing trip and bike tour** starts ten days later in **Stockholm** across the sea to **Greifswald** (D). Between August 26 and September 9, the sailing boat and at the same time a bike tour on land will inform, do actions and meet local activists.

Nuclear Heritage Network

It is an international informal network of anti-nuclear activists. We want to connect activists worldwide, provide information regarding nuclear issues and anti-nuclear activities in many countries whilst developing projects and campaigns. Big actions like the Olkiluoto Blockade and the 2010 Baltic Sea Info Tour were results of our gatherings.
